

Department Of Home Science

Class	Approved Strength	Subject		
		First Semester	Second Semester	
B.Sc Home Science I	120	1	Fundamentals of Food Science & Nutrition -I	Fundamentals of Food Science & Nutrition - II
		2	Fundamentals of Human Development	Development in Early Years
		3	Fundamentals of Textile & Clothing	Sewing Techniques
		4	Fundamentals of Family Resource Management	Interior Decoration & Design
		5	Fundamentals of Home=Science Extension	Social Survey & Community Development
		6	Ecology and Environment-I	Ecology and Environment-II
		7	Basic Chemistry-I	Basic Chemistry-II
		8	Applied Physics and Basic Computer-I	Applied Physics and Basic Computer-II
		9	English & Communication Skills-I	English & Communication Skills-II
		Third Semester	Fourth Semester	
B.Sc Home Science II	120	1	Community Nutrition	Nutrition for Life Span
		2	Development in Late Childhood and Adolescence	Development in Adulthood
		3	Textile Design	Surface Ornamentation Techniques
		4	Housing and Interior Decorations	Housing and Home Furnishing
		5	Extension Communication Technique	Media in Extension
		6	Applied Physiology-I	Applied Physiology-II
		7	Applied Chemistry-I	Applied Chemistry-II
		8	Applied Physics & Computer Application-I	Applied Physics & Computer Application-II
		Fifth Semester	Sixth Semester	
B.Sc Home Science. III	120	1	Diet Therapy-I	Diet Therapy-II
		2	Family Dynamics & Developmental Assessment	Care & Wellbeing in Human Development
		3	Advanced Pattern Making	Fashion Designing
		4	Advanced Resource Management-I	Advanced Resource Management-II
		5	Program Planning & Building in Extension	Community Development & Management
		6	Nutritional Biochemistry-I	Nutritional Biochemistry-II
		7	Health Science and Hygiene	Public Health
